Descriptif

From the center of Argentière, take the Chemin de la Moraine, passing under the SNCF tracks, to reach the beginning of the Chemin des Rambles.
Take the path that goes to the right in the forest (cross-country trail in winter), cross the Arveyron, a torrent coming down from the glacier. Continue down the chemin de la Glacière, then left through the tunnel under the ski slope. Then pass under the Lognan cable car, leave the forest for a few moments at the top of the place called La Rosière and walk along the Maison Forte, one of the oldest ruins in the valley. Cross under the ski lift and leave on the left the path going up to the Croix de Lognan: the Petit Balcon remains at a low altitude while passing the villages of Les Chosalets and Les Grassonnets.
You will soon reach the edge of the forest and the plateau of La Laurel by a succession of short ascents and descents.
